NOTICE OF NEGATIVE INFORMATION

We may report information about your account to credit bureaus. Late payments, missed payments, or other defaults on your account may be reflected in your credit report. Federal law requires us to provide the above notice to members before any "negative information" may be furnished to a nationwide consumer reporting agency. "Negative Information" means information concerning delinquencies, late payments, insolvency, or any form of default.

This notice does not mean that we will be reporting such information about you, only that we may report such information about members that have not done what they are required to do under our agreement.

After providing this notice, additional negative information may be submitted to credit bureaus without providing an other notice.

SPRING CLEANING

On The move? Keep Your Information Current

Whether you're headed to a vacation home for the summer or pulling up stakes for a new place, keep KLEFCU in the loop. Let us know your new address. If it's a seasonal move, we want to make sure any debit or credit cards will be accepted while you are away. As a safety precaution, the use of a card in a new location may trigger the account to be frozen. Save yourself any possible embarrassment and frustration of your card being declined by notifying us of the dates you plan to be away.

If it's a permanent move, there's no need to discontinue your membership. With our many electronic services, you can still have the credit union at your fingertips. Please advise us of your change of address so that we can keep your account information up-to-date.

We also recommend that you keep your phone number, email, any beneficiaries, and joint owners on your account. The important thing is to make sure we can reach you if the need should ever arise.

Financial Spring Cleaning Tips

Here are some things to consider every year when evaluating your financial situation:

#1 - Cut down your debt. Stop estimating what your debt is costing you. Set up a plan to address your biggest problem, such as high interest rate credit cards, too high of a balance, or having too many credit cards. Remember not to close a card once it is paid off. Closing a card can have a negative impact on your credit history.

#2 - Get your records organized. Being disorganized can cost you money in late payments and over limit fees. Getting yourself organized will make it easier when it comes to do your tax returns. It will also help you in tracking your spending and matching purchases to your credit card statements.

#3 - Checking your credit report. Think of your credit as your portfolio. Once a year you can get a free report from each of the big three credit reporting agencies (Experian, Equifax, and TransUnion) by going to www.annualcreditreport.com. These reports will include information on all your accounts and let you see your payment habits. It will also let you see if there are any possible problems with identity theft.

Safe Deposit Box Dues

For members currently leasing a safe deposit box from the credit union, annual dues will be deducted from your account on May 1st, 2025. Please verify ahead of time that you have the money on deposit in the account you specified for dues to be paid.
